Furthermore, our members Marc Herzog and Shane Brennan organize the conference **“Perspectives from Turkey in the new millennium”** at Exeter University in June 2010. This conference aims to come to an informed understanding of transformation processes of Turkish society and their impact on questions of identity. A diverse range of voices from within Turkey will each offer critical analysis from the perspective of their own field of endeavour; through this inclusive approach it is hoped that a unique and informative picture of the country will emerge. More details and information will be announced soon. If you want to contribute to the project, please contact Marc ([mh278@exeter.ac.uk](mailto:mh278@exeter.ac.uk)) or Shane ([s.g.brennan@exeter.ac.uk](mailto:s.g.brennan@exeter.ac.uk)).
